## PM XERAMIC® CASTOR EVOLUTION 2T KART RACING OIL

PM XERAMIC® CASTOR EVOLUTION 2T KART RACING OIL is an advanced kart racing oil for optimal lubrication of all 2-stroke air- or water-cooled kart engines. This unique product has been specifically designed for racing applications where high revolutions, high loads and high temperatures prevail. The carefully selected synthetic base stocks fortified with high performance additives and castor oil ensure optimal lubrication under the most extreme circumstances encountered in kart racing. Suitable for use at all fuel/oil ratios, recommended by the engine manufacturer. PM Xeramic® Castor Evolution 2T Kart Racing Oil has been developed in co-operation with leading engine manufacturers and world famous engine tuners and is CIK Homologated.

**IKD Part No: OLXSM1**

**Contents: 1 ltr.**

## PM XERAMIC® KART GEAR OIL

PM XERAMIC® KART GEAR OIL is especially developed for the 125cc OK high performance kart engines, Rotax Max engines and X30 engines. Reduces wear and is temperature resistant. For the correct dosage follow the engine manufacturer recommendations. Not suitable for kart engines with manual gearboxes! We advise to change the XERAMIC® KART GEAR OIL every 5 working hours.

**IKD Part No: OLXGO1**

**Contents: 1 ltr.**

## PM XERAMIC® SYNMAX FULL SYNTHETIC 2T KART RACING OIL

PM XERAMIC® SYNMAX FULL SYNTHETIC 2T KART RACING OIL is a superior fully synthetic kart racing oil for optimal lubrication of all 2-stroke water- cooled kart engines. This unique product has been specifically designed for racing applications where high revolutions, high loads and high temperatures prevail. Suitable for use at all fuel/oil ratios, recommended by the engine manufacturer. PM Xeramic® Synmax Full Synthetic 2T Kart Racing Oil has been developed in co-operation with leading engine manufacturers and world famous engine tuners and is CIK Homologated.

**IKD Part No: OLXSM**

**Contents: 1 ltr.**

## PM XERAMIC® BRAKE FLUID DOT 4

PM XERAMIC® BRAKE FLUID DOT 4 has been developed for use in all hydraulically operated brake and or clutch systems where a DOT 4 is specified. PM Xeramic® Brake Fluid DOT 4 has been especially developed for karting.

**IKD Part No: OLXBF**

**Contents: 250 ml.**

## PM XERAMIC® BRAKE FLUID DOT 5.1

PM XERAMIC® BRAKE FLUID DOT 5.1 has been developed for use in all hydraulically operated brake and or clutch systems where a DOT 5.1 is specified. PM Xeramic® Brake Fluid DOT 5.1 has been especially developed for karting.

**IKD Part No: OLXBF5**

**Contents: 250 ml.**

# XERAMIC® KART LUBRICANTS

## PM XERAMIC® KART BEARING LUBE

PM XERAMIC® KART BEARING LUBE is specially developed for the optimum lubrication of kart axle and wheel bearings. The special formulation guarantees superb lubrication with low viscosity which results in smoother, faster running bearings and also helps to displace water during wet weather. It is suitable for all ball and roller bearings as well as ball joints such as track rod ends. For best performance apply before every race or practice session.

IKD Part No: OLXPSBL

Contents: 400 ml.

## PM XERAMIC® KART CHAIN LUBE

PM XERAMIC® KART CHAIN LUBE is especially developed for optimum lubrication and protection of kart chains under extreme circumstances. The special formulation guarantees an extremely sticky lubrication under all weather conditions and temperatures. O-ring tested !

IKD Part No: OLXCL

Contents: 500 ml.

## PM XERAMIC® X40 CERAMIC MULTI SPRAY

PM XERAMIC® X40 CERAMIC MULTI SPRAY is a general maintenance lubricant with high-tech ceramic material for optimal and long-life protection. The ceramic material resists high temperatures and lubricates under all extreme circumstances. It has excellent water-resistance, great penetrating characteristics and sticks to any surface. Protects against corrosion and preserves rubber parts. For lubrication and protection of bearings, ball-bearings, cables etc.

IKD Part No: OLXPSMS

Contents: 500 ml.

## PM XERAMIC® INSTANT GASKET BLACK

PM XERAMIC® INSTANT GASKET BLACK is ideal for replacement gaskets for valve covers, transmission and oil pans, water pumps, thermostat housings, exhaust manifolds, thermostat housings and many more. Resists transmission fluids, water, oil and anti-freeze. Replaces cork, paper, felt and rubber gaskets. Not recommended for use on head gaskets or continuous immersion in gasoline. Withstands high temperatures up to 250°C (intermittent). Temperature range -73°C up to +250°C. Low volatile, oxygen sensor safe.

IKD Part No: OLXPSIGB

Contents: 200 ml

## PM XERAMIC® HELMET VISOR CLEANER

For thoroughly and effective cleaning of the helmet visor. Removes greasy finger marks and squashed insects without a problem and gives a sparkling finish to the helmet visor. Shake can well before use and spray sparingly onto surface. Wipe off immediately and polish with a clean and dry cloth.

IKD Part No: OLXPSHVC

Contents: 200 ml.

## PM XERAMIC® X40 CERAMIC TYRE FITTING LUBE

PM XERAMIC® X40 CERAMIC TYRE FITTING LUBE is a high-quality lubricant for assembling and disassembling rubber parts. Unique product for (de-)mounting KART, ATV or Motorcycle tyres. Because of the special formulation, this product provides excellent lubrication and reduces the frictional resistance of all rubber parts. This results in an easier mounting and demounting of any type of tyre. Excellent glide and penetrating properties. Free of silicone, transparent colour and dries up completely without leaving any residue. Shake well before use. Spray a uniform dense layer on the tyre and or rims.

PIKD Part No: OLXPSBL1

Contents: 500 ml.
